Konu: Submission of article: ODL students' perceived computer literacy competencies, expectations of support, intention to use and perseverance

Dear Dr Ugar Demiray

Please find attached article under the above title. This article is the original work of the four authors and has not been submitted or published elsewhere. Ethical clearance for the research was obtained from the Ethics Committee of the North-West University, Potchefstroom Campus, South Africa. This research form part of a longitudinal research project on the integration of learning technologies at a developing university in South Africa.

Could you please acknowledge the receipt of this article? This submission comprises three documents, namely, the article file, an appendix file and an author information file. We trust that you find the formatting of the article in order.

Best wishes

Seugnet

Appendix I: Survey on Computer Literacy

Strongly agree = 5; Agree = 4; Neutral = 3; Disagree = 2; Strongly disagree = 1

Section A: Please mark with an X in one of the five blocks for each statement

Statement		5	4	3	2	1
A1	I frequently use computers					
A2	I like using computers					
A3	It is easy for me to use computers					
A4	It is easy for me to use a computer mouse					
A5	I can type on the computer keyboard					
A6	I can use a word processing program in my work					
A7	If I were better skilled, computers would make my work easier					
A8	I have easy access to a computer					
A9	I have easy access to a reliable Internet connection					
A10	I am afraid of computers					
A11	I usually need assistance while using computers					
A12	I believe my learners gain from using computers					
A13	I believe my learners are skilled computer users					
A14	Computers are useful for everyday life					
A15	I want to learn how to use computers better					
A16	If I worked harder, I would have been better at using a computer					
A17	Others force me to improve my computer skills					
A18	Please provide comments on some of the statements					

Section B: Share your view on the following statements

B1	List the problems you have been experiencing in passing the module on computer literacy	
B2	Where I grew up and went to school influenced on my learning of computer literacy	<input type="checkbox"/> Yes <input type="checkbox"/> No
B3	Please explain your choice	
B4	I learnt to use computers well since I enrolled with the North-West University	<input type="checkbox"/> Yes <input type="checkbox"/> No
B5	Please explain your choice	
B6	I look forward to using computers better	<input type="checkbox"/> Yes <input type="checkbox"/> No
B7	Please explain your choice	
B8	In your opinion, which advantages are there for people in being able to use computers with confidence?	
B9	What technologies are available at the school where you teach?	
B10	I use computers, and other ICTs at the school where I teach for ...	
B11	In your opinion, what is the value of computers and other ICTs in education?	
B12	At your school, what support do you receive to use computers and other ICTs in your teaching?	
B13	How do you use the skills you learn in the Computer Literacy module in your teaching?
