## PREFACE

Here I would like to express my appreciation for the assistance provided by a number of persons and institutions. Foremost thanks are due to the original promoter, Professor J.J. van Tonder, his successor, Professor P.J. van Niekerk, and the co-promoter, Professor S.J.P. du Plessis. Professors C.H. Boshoff and S.S. Barnard provided a number of difficult to secure publications. Mr. T.P. Venter and Professors P.J.J.S. Potgieter, E.J. Smit, and J.L. van der Walt were also helpful in a number of ways, as were the staffs of the Ferdinand Postma Library and the Institute for Political and Africa Studies. I am also thankful to the university for a doctoral bursary. Financial assistance rendered by the Human Sciences Research Council towards the cost of the research is also acknowledged. The opinions expressed or the conclusions arrived are those of the author and are not to be regarded as those of the Human Sciences Research Council. Finally, Mrs. A.J. van Biljon deserves thanks for the typing of the manuscript, Mr. C.E. Pretorius for the assistance provided in the computer centre, and Mrs. I. de Beer for making some minor adjustments to the figures.

The information is current as of what was available by 15 November, 1985.
